**Registration of market participation contract**

**between**

.....  
hereafter referred to as **"the User"**,

**and**

Stiftung Gemeinsames Rücknahmesystem Batterien, Heidenkampsweg 44,  
20097 Hamburg, Germany,

hereafter referred to as **"the Foundation"**.

Battery manufacturers as defined in sect. 2, para. 15, of the BattG (German Batteries Act) are required to report battery marketing activities (market entry), changes to the information previously supplied and permanent cessation of marketing activities (market withdrawal) to the Umweltbundesamt (Federal Environment Agency) in accordance with sect. 4, para. 1. This registration process is hereafter referred to as **"Registration"**.

1. The User commissions the Foundation to carry out Registration with the Umweltbundesamt (Federal Environment Agency) on behalf of the User [and/or third parties,<sup>1</sup> for whom the User assumes said third parties' responsibility as manufacturers to register, with the agreement and approval of the Foundation].
2. The User will provide the Foundation or one of its designated trustees (hereafter referred to as "the Trustee") with all information required for Registration, as stipulated in sect. 4, para. 1, of the BattG (German Batteries Act) in connection with the subordinate legislation in accordance with sect. 20, para. 1, of the BattG. The current corresponding electronic or paper registration form provided by the Foundation or the Trustee is to be used. The User gives its permission for the Trustee to pass on this information to the Foundation if required.
3. The Foundation or the Trustee will carry out Registration with the Umweltbundesamt (Federal Environment Agency) immediately, or at the latest within one calendar month.
4. The User is responsible for the accuracy and completeness of the information submitted. The Foundation is excluded from all liability in relation to this.
5. The User can terminate this contract in writing up to the 15th of any month with effect from the end of the following month. The Foundation can also terminate the contract in writing without notice, but only in the event that the Umweltbundesamt (Federal Environment Agency) does not allow or ceases to allow the Foundation to carry out the Registration.
